	)	

**THIRD SUPPLEMENT TO APPLICATION OF AVIOR AIRLINES, C.A.  
FOR AN AMENDED EXEMPTION**

In support of its pending Application for Amended Exemption Authority filed in this docket on August 24, 2016, and supplemented on March 23, 2018 and May 9, 2018,<sup>1</sup> pursuant to 49 U.S.C. § 41301 and Parts 211 and 302 of the Department’s Regulations, Avior Airlines, C.A. (Avior) respectfully submits this third supplement to its request for amended exemption authority. The purpose of this filing is to confirm Avior’s strong desire to operate scheduled foreign air transportation of persons, property and mail from Caracas, Venezuela to Miami, Florida, either directly or via intermediate points in other countries, with or without stopovers, pending receipt of all required regulatory and governmental approvals, and to notify the Department of certain changes that have occurred since Avior’s prior filings. Those updates are included below:

1. An updated list of the names, addresses, and citizenship of all Directors, Officers, and Key Management Personnel is attached as **Exhibit 1**.

---

<sup>1</sup> Avior notes that no party responded to or objected to its initial application or any supplemental material filed in support of its application.

2. An updated list of Avior's aircraft, along with their registration marks, is attached as **Exhibit 2**.

3. Avior remains financially qualified to provide the services at issue in this application, and has submitted its most recent financials under seal as **Exhibit 3**, along with a Motion for Confidential Treatment. These materials establish that Avior continues to meet and exceed the Department's financial fitness criteria.

4. The government of the Bolivarian Republic of Venezuela holds no interest in Avior, and Avior has not received any financial support from, nor does it have any affiliation with, the government of the Bolivarian Republic of Venezuela. There are no other ties between Avior and the Bolivarian Republic of Venezuela.

5. The proposed exemption authority is in the public interest. Currently, no Venezuelan airlines serve the Caracas-Miami market, and there has been no Venezuelan flag service on this route since March 2018 when Santa Barbara Airlines exited the market and ceased operations. Granting Avior's request (upon receipt of all required Government and safety approvals) will provide a much needed economic and transportation link between Miami and Caracas, to the benefit of the traveling public in both the United States and Venezuela.

\* \* \*

WHEREFORE, Avior respectfully requests that its exemption authority be amended so it may operate scheduled foreign air transportation of persons, property and mail from Caracas, Venezuela, to Miami, Florida.

Dated: June 24, 2021

Respectfully submitted,
